Critical-care beds	12
Imaging	CT, mobile X-ray and ultrasound
Power	Dual generators
Utilities	Water storage and medical-gas infrastructure
Availability	2 units in stock - subject to prior sale

Configured around your requirement.

Choose your hospital infrastructure and select clinical equipment separately in the configurator. Optional 96-bed patient accommodation is available. Final specification, delivery, preparation and commissioning are agreed for your selected system.

See the equipment. Review the detail.

Request the current equipment manifest and condition report, then arrange a private or live-video inspection. Confirm transport dimensions, loading, site services and commissioning before purchase.
